INDEX

—A—

Accelerative aspect of technology, 2
Acceptable use policy (AUP), 107-8
Access to care, 280
Acid precipitation, 395-96
Acquired immunodeficiency syndrome (AIDS) epidemic, 307-8
Acquisitions, 427-28
Acupuncture, 277
Adult pornography, 349
Adult sexual acts, 349
Advanced cultures, characteristics of, 172
Advanced practice nurse health care providers, 299-300
Advertising, 516-17
Advocacy, patient, 280
Affluent countries, 383
Aging, genetic key to, 358
Agriculture
  commercialization of, 174-75
  government support of, 175-77
  improvements in technology in, 20
  in rural America, 183-86
Air pollution, 385, 395
  attempts to regulate, 406-8
Algorithms, compression, 108-9
Alternatives, search for, 527-28
America. *See* Rural America; United States; Urban America
Amniocentesis, 291
Andrews v. *State,* 365
Applied technology, 20
Appropriate technology, 410, 531-32
Apraxia, 17-18
Arks, 531
Arms race, 521-23
ARPANET, 103
Art(s), 239-74
  as business, 245-46
  as decoration, 246
  defined by motive, 243-46
  definition of, 241-43
  definitions and key concepts, 240-42
  difficulty of protecting ideas in, 256-57
  educational implications of, 262-63
  as entertainment, 246
  ethical dilemmas in, 257-58
  fine, 241
  identifying artists in, 246-47
  influence of, on technology, 258-59
  influence of technology on, 253-58
  as institution, 28
  and social change, 259-62
  systems model in, 250-53
  as technology, 247-50
  threats to, 255-58
  as worship, 245
Assembly lines
  development of, 425
  invention of moving, 43
Asynchronous transmission (ATM) technologies, 104
Atlanta, Georgia, 204
Atmosphere, 383, 395-99
Authenticity, 518-20
Automated machining centers, 424
Automobiles, 329-30

Automobiles *(cont.)*
automated technology for, 43
decentralizing of, 193-94
emission controls in, 409
impact of, on leisure, 471
safety issues in, 504-5
smart devices in protecting, 354
in urban America, 216-19
Automotive emission controls, 409
Autonomy
patient, 280
professional, 280
worker, 445-46

—B—

Baltic Republics, independence of, 155-56
Banking, electronic, 354-55
Baroque city planning, 202-3
Bath Iron Works Company, 151
Bearden v. *Georgia,* 368
Beccaria, Cesare, 351
Behavior, effect of technology on, 24
Bell Atlantic, merger with TeleCommunication Inc., 96-97
Benevolence, service, 280
Bentham, Jeremy, 351
Biodiversity Convention, 408
Biological diversity, 401
Biological weapons, 510
Bionic human body parts, 356-57
Biosphere, 390
Biosphere II Project, 531
Biotechnology, 359
devices and procedures in, 287-91
Birth-to-death monitoring, 355
BITNET, 103
Blood banking, 281
Blood transfusion, 281
Blue sky educational scenarios, 109
Bosnia, 154
Boston
cultural diversity in, 208
linkage payments in, 227
skyscrapers in, 222, 223
transportation system in, 216, 217
utilities in, 220-21
Brady Bill, 370
Bread for the World Institute on Hunger and Development, on quality of life, 10-11, 12
Buffalo, New York, 203
Burnout, employee, 443
Bush, George, 131, 221
Business, art as, 245-46
Business need approach to worker preparation, 448
